

IN THE CLAIMS:

Please cancel claims 1-10 without prejudice or disclaimer.

Please amend claims 11 and 14 and add new claim 17 as follows:

1-10. Canceled.

11. (Currently Amended) A set of golf clubs as defined in claim ~~1~~ 17, wherein at least one of said inserts has one of a thickness and density which varies from a bottom portion to a top portion thereof.

12. (Original) A set of golf clubs as defined in claim 11, wherein at least one of said inserts is thicker at the top than at the bottom.

13. (Original) A set of golf clubs as defined in claim 11, wherein at least one of said inserts is thicker at the bottom than at the top.

14. (Currently Amended) A set of golf clubs as defined in claim ~~1~~ 17, wherein at least one of said inserts is formed of different materials from a bottom portion to a top portion thereof.

15. (Original) A set of golf clubs as defined in claim 14, wherein said material in said bottom portion is more dense than a material in said top portion.

16. (Original) A set of golf clubs as defined in claim 14, wherein said material in said top portion is more dense than a material in said bottom portion.

17. (New) A set of golf clubs having heads of progressively increasing loft, each of the heads comprising

- (a) a body having top, bottom, toe and heel portions and a striking face area containing a recess;

- (b) an insert secured within said recess, an outer surface of said insert being substantially flush with a non-recessed portion of said striking face area;
and
- (c) at least one of the thickness and density of said inserts increasing within the set of golf clubs as the loft of a club increases and the other of the thickness and density of said inserts decreasing within the set of golf clubs as the loft of a club increases, whereby the mechanical properties of individual clubs within a set of clubs can be altered to enhance the performance of the clubs.
